Nobunaga's Ambition: Souzou features an all-new gameplay system that adds an epic grand strategy game with countless possibilities, even more to keep you coming back for more. Wage war as a warlord by commanding an army of historical figures in the classic strategic East Asian battlefield. ◊NewGameplay System◊ The straightforward battle screen from the past is no more! In Nobunaga's Ambition: Souzou, you will encounter a number of different battle stages with different systems. Each stage features one of four different gameplay systems to use, depending on the situation. It will be up to you to decide which will be the most suitable to bring victory into your hands. ♦ Historical Battles ♦ There have only been a handful of great generals in history that could be called national heroes. In Nobunaga's Ambition: Souzou you will face off against a selection of these great fighters, starting from the match-3 game and ending with the conclusive single-player battle. Even in your solo-play mode, there are more than 100 battles to fight! This is a game of historic proportions. ♦ East Asian Strategy Game ♦ Historical battles are all well and good, but this game is all about the political battles and the strategy behind them. Choose your battlefield, deploy your forces, and bring down your enemies! The battlefields featured in the game can be very different from your usual matches, and you will certainly have to change your tactics depending on the situation at hand. Did the recent match end with complete annihilation? Or did the match end in victory for your side? In addition to strategic battles, there are also intimate duels between the main characters. You can even take part in an assassination game! ♦ Multiplayer Battles♦ There is so much to do in this game that we thought it would be a shame to limit you to a single strategy. The battles you fight in this game are best when played with friends! The online multiplayer features of this game are designed to bring the history of the game to life, giving you an entirely new strategy game experience. ♦ Party Battle★ [Online Battles]★ The Party Battle feature allows you to fight against other players through various different formats, all with very distinctive gameplay. The feature also allows you to choose your own avatar to fight with your friends in intense head-to-head matches. And that is not all! More cool features are to c9d1549cdd

The legend of Wang Yuan, a warrior that protects the fantasy world, has emerged from the ancient history of Chanzi and acquired popularity because of its epic story. This is the story of "Lei Da Zhang", an old warrior who has been searching for his family for the past 200 years, and a young maid that has been pushed around by a certain villain. This is the story of "the world where swordsmanship meets romance"! Overview: - The game has a unique special content that was developed by Yoshitaka Amano, who has been working on FFVII and FFVIII. - The game has two legendary heroines. You can interact with both of them. - In addition to the main story, you can also have character-specific stories that will branch off and connect with other quests. - An original visual storyboard! - An original special content! - A special map that lets you visit the fantasy world of Wang Yuan. - Characters that were featured in the anime are included! Storyline: INTRO: Wang Yuan enters Wang Yuan's Kingdom, receives a request from his father... 1. Romance: Wang Yuan and Xiao Mao are childhood friends, but it seems that their friendship was broken forever. They didn't talk to each other since they were young... 2. A Disturbing Odd Couple: Wang Yuan and Xiao Mao become adults, but their personalities as adults are completely opposite... 3. Oath of Loyalty: Wang Yuan and Xiao Mao were just like normal people in their childhood, but during war and other times of crisis they became the best swordsmen in the land and stood together as a powerful duo... 4. Seeing the Old Chain of Luck: During a mission to find his father, Wang Yuan encounters and starts to rely on the strong bond between the old chain of luck... 5. The Rival Swordsman: Wang Yuan meets the great swordsman of the "good guy" faction, Shi Xue... 6. The Story of the Heroine Fang Yun: Fang Yun reveals her identity as a "woman with a scar", who was sent into exile. 7. A Dangerous Traveler: Wang Yuan, Fang Yun, Shi Xue, and other members of the team travel to a distant nation, and an extremely abnormal land is found there... 8. The
