It was then that I realized what a difference there is between the Japanese academic discipline and the Western academic discipline, and I began to feel the gap between those two worlds myself.

Undeterred by the daily lack of food, I continued to read, and after living for over 20 days on just bread and water, I was able to read the books that interested me very slowly, each page at a time. In October and November, the tour includes ten stops across the United States, including shows in California, New Jersey, New York, Ohio, Texas, Illinois, Florida, Massachusetts, Minnesota, and Oklahoma. The manga depicts a setting where a girl named Haruhi meets a guy named Kyo, and her three female friends meet another guy named Kyon. Luckily, we did get three shows at the beginning of this year so far in San Jose.

Prior to the live reading, I knew many of the lines, but without the guidance of the narration, I found it very difficult to follow. In this series, which was originally published in 2017, we are introduced to a shoujo-style comic that follows Haruhi Suzumiya, a high school student who is a person with a completely unique and idiosyncratic worldview. Out of all the classes in the manga series, the ones where things are made to look easy are the ones that involve cooking. It's almost as if the process of cooking is the only way to bring out the charm that lies in the ingredients. To ensure that the rough translate quality of the anime and manga are preserved, the text has been broken into lines for easier reading and to assist slower readers. And then, each of us had our own feelings, we did not know what to do, we could not move on, we could not imagine what we should do for the next day. The story revolves around two main characters who are members of an all-female photography club. The story arc describes how the partygoers meet and interact with each other for the first time, and involves themes of gender, politics, and the class divide, as well as issues relating to relationships and friendship. Kyon is another protagonist who has been following the "ghost girl." He is a young man who was troubled by a mysterious girl named Kuroi from the previous arc, whom Kami-sama described as a ghost girl. Then, I saw an old man like a white cat and it opened my eyes, and then, a young girl
